

Osaka University Graduate School of Engineering
Admission Guidelines for Doctor's Course, October 2017 for International Students

This entrance examination is for those with “Student” residence status. Those with other residence statuses are not eligible to apply. However, those changing their status to “Student” residence status prior to enrollment may apply. (If your present residence status is other than “Student,” and you are not planning to change your status to “Student” in that case, please consult the Student Affairs Division: iso-staff@eng.osaka-u.ac.jp)

1. Number to be Admitted

Division/Department & Course		Number
Division of Advanced Science and Biotechnology	Course of Material and Life Science	A few students to each Division/Department
	Course of Biotechnology	
Division of Applied Chemistry	Course of Molecular Chemistry	
	Course of Materials Chemistry	
Division of Precision Science & Technology and Applied Physics	Course of Precision Science & Technology	
	Course of Applied Physics	
Department of Adaptive Machine Systems		
Division of Mechanical Engineering		
Division of Materials and Manufacturing Science	Course of Materials Science and Engineering	
	Course of Manufacturing Science	
Division of Electrical, Electronic and Information Engineering	Course of Electrical Engineering	
	Course of Information and Communications Technology	
	Course of Electronic Engineering	
Division of Sustainable Energy and Environmental Engineering	Course of Environmental Engineering	
	Course of Nuclear Science and Energy Engineering	
Division of Global Architecture	Course of Naval Architecture and Ocean Engineering	
	Course of Civil Engineering	
	Course of Architectural Engineering	
Department of Management of Industry and Technology		

2. How to Select

You are not allowed to apply for more than one Division/Department (Course) at the same time.

Department of Adaptive Machine Systems, Division of Mechanical Engineering, and Department of Management of Industry and Technology will conduct screening at the Division/Department level. Please specify the name of Division/Department you are applying to in your application form.

Division/Department that conduct screening at the Course level

- Division of Advanced Science and Biotechnology
- Division of Applied Chemistry
- Division of Precision Science & Technology and Applied Physics
- Division of Materials and Manufacturing Science
- Division of Electrical, Electronic, and Information Engineering
- Division of Sustainable Energy and Environmental Engineering
- Division of Global Architecture

Division/Department that conduct screening at the Division/Department level

- Department of Adaptive Machine Systems
- Division of Mechanical Engineering
- Department of Management of Industry and Technology

3. Qualifications for Application

Applicants must meet one of the following qualifications.

- (1) Those who have earned, or expected to earn by September 30, 2017, a master's degree or professional degree.
- (2) Those who have earned, or expect to earn by September 30, 2017, a degree equivalent to the master's degree or professional degree in a country other than Japan.
- (3) Those who have completed, or expect to complete correspondence courses in Japan that are administered by a foreign educational institution and have thereby earned, or expect to earn by September 30, 2017, a degree equivalent to the master's degree or professional degree.
- (4) Those who have earned, or expect to earn by September 30, 2017, a degree equivalent to the master's degree or professional degree from an educational institution in a foreign country. The foreign educational institution should be one designated as being equivalent to a foreign graduate school by the Minister of MEXT (the Ministry of Education, Culture, Sports, Science and Technology of the Japanese Government).
- (5) Those who have completed the course(s) offered by the United Nations University, and have thereby earned, or expect to earn by September 30, 2017, a degree equivalent to the master's degree.
- (6) Those who have completed a course at an educational institution specified in (4), or at the United Nations University; who have passed an examination and screening that prescribed in article 16-(2) of the Standards for Establishment of Graduate Schools; and whose academic capabilities are deemed, or expect to be deemed by September 30, 2017, equivalent or superior to those holding a master's degree.
- (7) Those who have been approved by the Minister of MEXT (as described in the Ministry of Education Directive, Vol.118, 1989).
 - ① The applicants must have graduated from a Japanese university, conducted research for at least two years at a university or research institution in Japan or in a foreign country, and be recognized, on the basis of this research, as possessing academic abilities equivalent or superior to those holding a master's degree by the Osaka University Graduate School of Engineering.
 - ② The applicant must have completed 16 years of formal study in a foreign country, or correspondence courses in Japan that are administered by a foreign educational institution and have thereby completed 16 years of formal study in a foreign country. The applicant should then have conducted research for at least two years at a university or research institution in Japan or in a foreign country, and must be recognized, on the basis of this research, as possessing academic abilities equivalent or superior to those holding a master's degree by the Osaka University Graduate School of Engineering.
- (8) Those who are at least 24 years of age as of September 30, 2017, and can be recognized, by passing the "Preliminary Examination of Applicant's Qualification" conducted by the Osaka University Graduate School of Engineering, as possessing academic abilities equivalent or superior to those holding a master's degree or professional degree.

※Detail on the qualification (4) is available at the following webpage.

<International Student Admissions> http://www.eng.osaka-u.ac.jp/en/entrance/f_admissions.html

4. Preliminary Examination for Applicant's Qualifications

Among the Qualifications for Application mentioned above, those who wish to apply under (7) or (8) must have taken a particular "Preliminary Examination for Applicant's Qualification" by the application period. Only successful applicant can apply. Such students must consult the Admission Section at the Student Affairs Division by June 16 (Fri), 2017. The Admission Section will announce details concerning the documents required for this procedure. Results of the examination will be informed within several days.

5. Application Process

Applicants, who fall under (1) to (6) or who have passed the Preliminary Examination for Applicant's Qualification, must go through the following procedures upon an advance approval of the head of their Division/Department and their academic advisor.

※We do not accept applications by post. Please directly bring the application documents to the Admission Section. If it is impossible for you to bring a set of necessary materials by yourself, please ask someone of the presentation on your behalf.

7. Screening

(1) Notice for Applicants

- Screening for admissions will be conducted by each Division/Department (Course) on the basis of overall judgment for applied materials and the results of entrance examination.
- Test language, either English or Japanese, depends on each Division/Department (Course.)
- Place of Examination: Osaka University Graduate School of Engineering (Suita Campus)
- If you need a Japanese short term entry visa to take the entrance examination, contact the Admission Section well in advance .

(2) Examinations

(a) Date and Time of Examinations

From August 22 (Tue) to August 25 (Fri), 2017. The exact time frame is to be decided and announced by Division/Department (Course).

(b) Examination subjects

- ① Written examination: Major subject(s) in Japanese or English
- ② Oral examination (including an interview concerning the master's thesis)
- ③ Other subjects decided by each Division/Department

Those who meet one of the qualifications listed in items (6) to (8) on the preceding page (Page 2) of this guideline are exempted from having to be interviewed concerning their master's thesis.

(c) Examination Chart

Details for the Summer Examination such as place are to be announced in the afternoon of August 9 (Wed), 2017 at the Graduate School website: "International Student Admissions.

8. Announcement of Examination Results

On September 1(Fri), 2017 at 2:00 p.m.

※Examination Results will be posted on the Graduate School Admissions page of the Graduate School of Engineering website (http://www.eng.osaka-u.ac.jp/ja/entrance/f_admissions.html). Successful applicants will also individually receive a “Notification of Acceptance.” (Notification by post will arrive within three days in Japan after the announcement of results. Please note that we can send the notification only to a domestic address in Japan.

※We do not accept inquiries concerning the results by phone or e-mail.

9. Enrollment Procedures

Date: September 7 (Thu) and 8 (Fri), 2017

Place: Admission Section, Student Affairs Division, Graduate School of Engineering (U1M Bldg. 1st Floor)

Hour: 9:30 a.m. to 3:00 p.m. (excluding 11:30 a.m. ~1:30 p.m.)

10. Admission Fee and Tuition

Admission fee: 282,000 Japanese Yen

Tuition: 535,800 Japanese Yen per year [267,900 Japanese Yen / 6 months]

※Payment of the Admission Fee is required during enrollment procedures.

※Admission fee is not required for those who expect to complete the Master’s Course at Osaka University in September, 2017 and will continue to studying at the Doctoral level.

※For those who will enroll as a Japanese Government (MEXT) Scholarship Student, both admission fee and tuition are not required.

※Directions on how to pay the admission fee and tuition will be given along with the guidance concerning documents required for enrollment procedures.

※The amount of admission fee and tuition are subject to change. Amendments to fees will be applied as from the exact date of amendment.

11. Policy on Handling Personal Information

(1) Names, addresses, and other personal information obtained through the application procedure will be solely used in the Entrance Examination Process, in the Announcement of the List of Successful Applicants, in the Admission Procedures, and in the distribution of program leaflets. For those admitted into Osaka University, personal information will also be used in academic-related matters (such as keeping academic and registration records), in student support matters (such as health care management, school fee remissions and scholarship applications, career support, etc.), and in school fee management.

(2) Information obtained through the entrance examination will be used in statistical analysis of examination results

and research on admission methods.

12. Notes for Applicants

- (1) Incomplete documents will not be accepted.
- (2) The content of submitted documents cannot be changed after the application procedure has been completed.
- (3) Any documents submitted upon application will not be returned unless otherwise mentioned in the guidelines.
- (4) Application fees are non-refundable, excluding the following cases ① to ⑤. In such a case, please contact the Admission Section.
 - ① The applicant paid an application fee but was judged unqualified for application.
 - ② Application documents arrived after the application deadline and were refused.
 - ③ There were deficiencies in the application documents, and therefore were not accepted.
 - ④ The applicant paid an application fee but did not apply.
 - ⑤ The applicant paid their application fee twice by mistake.
- (5) Applications may be rejected or admission may be revoked even after matriculation, if any information or material in the application is found to be fraudulent.
- (6) Contact the Admission Section at the following address by July 19 (Wed), 2017, if you have any physical disabilities and need assistance when taking exams and/or in taking courses of study after enrollment in Osaka University.
- (7) On-campus parking spaces for cars and motorcycles are not available on the day of examination. Please use public transportation.
- (8) For any questions concerning the application procedure, please contact the Admission Section freely.
- (9) These procedures are written in both Japanese and English. Should any discrepancy in wording or nuance occur between the two languages, note that the Japanese version takes precedence.
