

# **The University of Osaka, Graduate School of Engineering Doctoral Degree Programs Conducted in English**

## **[Enrollment in October 2025]**

Note:

This quota advertised in this guideline is NOT for internal application by those who expect to complete the corresponding Master's Degree Programs Conducted in English of GSE-OU in September 30, 2025. Such applicants shall follow the other guideline for internal application.

[ 12.2024 Revised]

From October 2025, the name of the program “Biotechnology Global Human Resource Development Program for Industry-University Co-Creation”, will be changed to “Industrial Biotechnology Global Leadership Program Based on Advanced Science and Technology”. There is no change to the selection process and the details of the exam as a result of this renaming.

# **Industrial Biotechnology Global Leadership Program Based on Advanced Science and Technology**

## **1. Program Summary**

The aim of this program is to expose young scientists to state-of-the-art research techniques and in-depth knowledge of advanced biotechnology, chemistry, physics and bioengineering, so that they may harness the potential of biotechnology applicable to Japanese industries as well as academia.

## **2. Requirements for the Completion of the Course and Obtaining the Degree**

### **(1) Requirements for completion of the course:**

Enrolment for the prescribed period and completion of the followings.

- completion of Seminar on Frontier Research Proposal to acquire two compulsory credits
- completion of Courses of Frontier Biotechnology Exercises and Frontier Biotechnology Seminars to acquire a minimum of four credits
- completion of Special Research and successful defense of doctoral dissertation
- passing of the final examination of the program.
- Improving Japanese skill is also required during the course.

For details, see the course handbook distributed at the time of enrolment.

## Chemical Science Course

### 1. Program Summary

The present Chemical Science Course (CSC) at the Graduate School of Engineering offers postgraduate students for the Doctoral degree covering all aspects of “Chemistry”, the center of science. “Chemistry” provides a broad spectrum of information and provides the indispensable basis that underlines our materials society, and keys for the future of society.

### 2. Requirements for the Completion of the Course and Obtaining the Degree

- (1) Requirements for completion of the program:  
Enrolment for the prescribed period and completion of the followings.
  - completion of one compulsory course of Research Proposal Seminar Frontier Applied Chemistry1-4 for a total of no less than 4 credits
  - satisfactory performance in the mid-term review of the Special Research and successful defense of the doctoral dissertation
  - passing of the final examination of the program.For details, see the course handbook distributed at the time of enrolment.

- (2) Degree: Doctor of Philosophy in Engineering

# **International Priority Graduate Program on Applied and Engineering Physics**

## **1. Program Summary**

The objective of this program is to equip new generation of young scientists with fundamental knowledge and cutting-edge research skills in Applied and Engineering Physics. By elucidating the fundamental physical, chemical and biological properties of materials, and designing materials with novel functions, we open a new way to the development of nanotechnology, photon technology, and biomedical engineering. We also aim to develop and produce international collaboration through the creation of an intellectual human resources network. Furthermore, by utilizing interdisciplinary organizations and international networks, we contribute to other socially important fields such as new industries, environment, and energy problems.

## **2. Requirements for the Completion of the Course and Obtaining the Degree**

- (1) Requirements for completion of the course:  
Enrolment for the prescribed period and completion of the followings.
  - earn no less than six total academic credits
  - completion of the Special Research and defense the doctoral dissertation
  - passing the final examination of the courseFor details, see the course handbook distributed at the time of enrolment.

## ■ Procedures and General Descriptions

### 1. Application Requirements

(The following items are common to the all programs.)

- (1) Citizenship and residence status: This entrance examination is for those with the “Student” residence status. However, those who will be changing their residence status to “Student” or are expected to get the “Student” visa prior to enrollment may apply.  
\*Except for the following program, those with Japanese nationality are eligible to apply for the examination as well.
  - [International Program of Maritime and Urban Engineering](#)
- (2) Educational background: Applicants must fulfill one of the following qualifications:
  - ① The applicant has master’s degree or a professional degree by September 30, 2025 from a Japanese university.
  - ② The applicant has completed, or is expected to complete a course of study recognized as equivalent or superior to the master course at Graduate School of Engineering, the University of Osaka by September 30, 2025.
  - ③ The applicant is no younger than 24 years of age as of September 30, 2025, and is recognized as possessing academic abilities equivalent to those of university graduates, by passing “the Preliminary Examination of Applicant’s Qualifications” conducted by the University of Osaka (See Note).
- (3) Language ability: Applicants must have a good command of English. Those whose formal education has been conducted in a language other than English must submit a certificate of English proficiency.
- (4) Health: Applicants must be mentally and physically healthy enough to pursue study at university.

Note:

Applicants who fall under (2)-③ must take the “Preliminary Examination of Applicant’s Qualification” in advance. Such applicants must consult the Admission Section at the Student Affairs Division, September 20, 2024 for Winter Exam, or April 4, 2025 for Spring Exam. The Admission Section will announce details concerning the documents required for this procedure. Applicants will be informed of the results as soon as they are available.

### 2. Application Procedures

Note:

To start application process, every applicant MUST consult with a suitable supervisor and obtain his/her permission to apply.

Please specify the name of supervisor you have contacted in the application form.

- ② Spring Exam ・ ・ ・ **April 7, 2025 at 10:00 a.m. to May 9, 2025 3:00 p.m. (Japan time)**

#### **Entrance examination fee payment**

The payment process for the entrance examination fee is as follows.

For details on preparation and payment methods, please refer to the Application Fee Payment System "Introduction."

#### **STEP1. Preparation**

Prepare a computer and printer connected to internet.

#### **STEP2. Access the Application Fee Payment System**

Please access the following URL to visit the website of the Application Fee Payment System.

[URL] <http://e-apply.jp/n/osaka-u-payment>

#### **STEP3. Input Applicant's Information**

Make sure to confirm procedures and notes on the screen page, and enter required information.

- ① School, Division Type
- ② Applicant's Information (Name, address, etc.)
- ③ Application is completed.

**Make sure to write down the receipt number (12 digits).**

This number is required to confirm and print your application later.

- ④ Payment Methods
  - Convenience stores
  - ATMs of Post offices or Banks
  - Internet banking
  - Credit cards
- ⑤ the Receipt of Application Fee Payment

If you select "Convenience store" or " ATMs of Post offices or Banks " as the payment method, a number (the number of digits will vary from store to store; some stores may provide both a customer number and a confirmation number) will be displayed after making your selection. This number(s) is required for payment, so be sure to write it down. Please pay at a convenience store or a post office/bank ATM within the payment deadline.

A confirmation email will be sent to you after your application is completed. If you restrict email receptions, please change the setting to receive emails from the sender (@e-apply.jp). \*Note that there may be a case the email goes to junk mail folder.

\*No corrections and/or changes can be made after your application is completed.

Make sure that your application contents are all correct.

However, if you have not yet paid, you may make corrections by re-registering with the correct information.

**\*Please note that if you choose to pay via credit card, payment will be completed at the same time you register your personal information.**

**\*Overseas residents can only pay by credit card and applicable online banking services.**

**Payment cannot be made at convenience stores outside Japan.**

**STEP4. Pay the examination fee**

The deadline for the payment is four days after application (including the application date).

Note: If payment is not made before the deadline, your application will be automatically cancelled. Also, be aware that this payment period is shorter for those who applied just before the application deadline.

**1. Paying with a credit card**

You can select and pay during the online application.

【Credit cards available for the payment】

VISA, Master, JCB, AMERICAN EXPRESS, MUFG, DC, UFJ, NICOS

[The payment can be completed during the online application.](#)

**2. Paying by internet banking**

After your online application is registered, the page will shift to the site of the bank you chose. Make the payment as instructed on the screen.

\*Required your bank account is registered for internet banking.

[The payment can be completed online.](#)

**3. Paying at convenience stores**

Enter necessary information as instructed on the screen of the terminal or ATM, check the information displayed, and make the payment.

#### **STEP5. Print out the Receipt of Application Fee Payment**

After the payment is completed, print the documents downloadable on A4 size paper, and send the Receipt of Application Fee Payment with other documents within the application period.

\* Please refer to the application guidelines for the mailing address, deadline, and required documents.

\* After your application is accepted, your screening fee and application documents will not be returned except for special circumstances.

\* The University of Osaka refuses to answer any questions whether the application documents have reached us or not. Please confirm the delivery status by yourself by checking the website of the mail service company, etc.

#### **<Payment completed> Caution regarding application and payment**

To complete your application, you must mail in the required application documents described in the student recruitment guidelines along with the proof of payment for the examination fee. The application is not completed simply by registering.

Payments can be made at any time of day. Business hours may vary depending on where you make your payment (convenience store, ATM, etc.). Please mail the required documents within the time specified in the application guidelines. Also be sure to give yourself plenty of time to prepare and send in your application.

### **●Exemption of Application Fee for the Victims of Natural Disasters**

In order to reduce financial burden and provide educational opportunities to prospective students affected by natural disasters, the University of Osaka will take the following special measure, namely exemption of the entrance examination fees payment.

\*Note: Non-regular students such as credited auditors are not eligible for this exemption.

Please visit the official website of the University of Osaka for more details.

【URL】 <https://www.osaka-u.ac.jp/ja/admissions/information>

In this case, the Application Fee Payment System cannot be used. Please contact the office listed in this guideline and follow the instruction.

### **●Refund of Application Fee**

Application fees are not refundable except in the following cases.

- (a) In case the applicant did not submit the application documents or the application documents were not accepted.
- (b) In case the applicant made a duplicate payment by mistake.

## 4. Selection and Announcement of the Results

(1) Winter Exam

\* The following program does NOT conduct the Winter Exam.

- **Global Science and Engineering Course on Electrical, Electronic and Infocommunications Engineering**

① Examination will be conducted in either of the following ways:

- For applicants who do not reside in Japan:

Screening will be conducted by reviewing the application materials and documents. An interview and/or academic examination might be conducted if deemed necessary.

\*For applicants to “**International Priority Graduate Program on Applied and Engineering Physics**” and “**International Program of Mechanical Engineering**”, contact prospective academic supervisors for more detailed information of the examination.

- For applicants who do reside in Japan:

Screening will be conducted via an interview and/or academic examination, within the period from late November to early December 2024.

② The examinee's number of successful applicants will be posted on the Graduate School Admissions page of the University of Osaka School/Graduate School of Engineering website (the following URL) **on December 13, 2024 2:00 p.m. (Japan time).**
