

Faculty Position in the Graduate School of Engineering, The University of Osaka

Outline	In the electromagnetic material laboratory, at the advanced electromagnetic energy engineering area at the Division of Electrical, Electronic, and Infocommunications Engineering, properties of solids under extreme conditions, such as nuclear fusion plasmas, spacecraft, and semiconductor processes, will be investigated using experimental approaches as well as theory and simulations based on electromagnetics, plasma physics, and materials science, to realize a sustainable society. Based on this, interdisciplinary fields spanning plasma science and material science will be developed, and education and research that will lead to industrial innovation will be conducted. The laboratory is seeking an academic staff member who has a flexible attitude and can contribute to developing and harnessing the strength of the laboratory's research. The successful applicant will be responsible for not only conducting research but also teaching liberal arts and other subjects at the undergraduate and graduate levels. Inquiries regarding this position are welcome.
1. Position	Professor
2. Number of Positions	1 (One)
3. Affiliation	Graduate School of Engineering (Division of Electrical, Electronic and Infocommunications Engineering)
4. Work Location	Suita Campus (2-1 Yamadaoka, Suita-City, Osaka, Japan)
5. Specialized Field	Plasma Science, Material Science
6. Responsibilities	· Research in the areas described above. · Educational activities for undergraduate and graduate school students · Administrative jobs in Graduate School of Engineering and the University of Osaka.
7. Qualifications	[Essential] Applicants must have: (1) A doctoral degree or equivalent professional expertise and/or achievement in the above field/s (2) Excellent research achievements in the related field/s (3) Business level or above Japanese and English language proficiency
	[Preferred] Applicants with experience of supervising students at the undergraduate and graduate level
8. Starting Date	April 1, 2026 (or as soon as possible thereafter)
9. Term of Employment	No Fixed Term (Until the end of the fiscal year at 65 years of age)
10. Probationary Period	6 months
11. Employment Form	Based on “6. Regulations Pertaining to Working Hours, Holidays and Leave for National University Corporation The University of Osaka Staff” https://www.osaka-u.ac.jp/en/guide/information/joho/kitei_shugyou.html *The Discretionary Labor System, Special Work Type will be applied with the applicant's consent. (deemed working hours: 8 hours a day)
12. Salary and Benefits	Based on “18. Salary Regulations for National University Corporation The University of Osaka Staff Subject to New Annual Salary System” https://www.osaka-u.ac.jp/en/guide/information/joho/kitei_shugyou.html

13. Insurance	Medical insurance and employee's pension insurance of the Federation of National Public Service Personnel Mutual Aid Associations, Employment Insurance and Industrial Accident Compensation Insurance
14. Application Documents	Applications must be written in English or Japanese and include the following 1. A Curriculum Vitae *Please use the university form for educational/research positions available at the following website. https://www.osaka-u.ac.jp/en/guide/employment/links/ 2. A list of research achievements (original papers, review papers, books, patents, presentations at international and domestic conferences, and fundings) 3. Reprints of major original papers (4 copies, photocopies acceptable) 4. A list and an outline of awards and prizes 5. An outline of research and education achievements (within two A4 pages) 6. A research plan and educational aspirations (within two A4 pages) 7. Name, affiliation, and contact information of two professional references who are willing to be contacted 8. Copies of English proficiency certificate such as TOEFL, IELTS, TOEIC scores, a description of periods of residency outside Japan that demonstrate your English ability, or English related job experiences *Personal information in the application documents will only be used for the purpose of screening and hiring procedures, and will not be disclosed to any third party. *Submitted application documents will not be returned.
15. Sending Address and Contact Information	Please submit by e-mail: maruta@comm.eng.osaka-u.ac.jp and kuramitsu@eei.eng.osaka-u.ac.jp *Write "Application for Professor in Graduate School of Engineering" in the subject line. *Attach the application documents in PDF format (with full security countermeasures). *If the PDF file is too large to email, then online storage can be used, so please email its URL. * Applicants will be notified within one week after submitting the documents. If you do not receive it, please contact the following person. Contact Person: Professor Yasuhiro Kuramitsu Tel: +81-6-6879-7232 E-mail: kuramitsu@eei.eng.osaka-u.ac.jp
16. Application Deadline	December 1, 2025 (Japan Standard Time)
17. Selection Process	Document screening will be followed by interviews. Selected applicants will be notified within two weeks after the application deadline. *Travel and accommodation fees necessary for interviews are to be covered by the applicant. For applicants residing overseas, the applicant may request an online interview. *Please note that unsuccessful applicants will not be contacted.
18. Additional Information	Concerning work conditions other than the above-mentioned, please refer to "3. Work Regulations for National University Corporation The University of Osaka Staff" and/or related regulations. https://www.osaka-u.ac.jp/en/guide/information/joho/kitei_shugyou.html Please note the above-mentioned work conditions are as of the day this employment offer is posted, and subject to change. After employment, the affiliation, work location, and responsibilities may be subject to change within the limits set by the University. "Deemed exports" related to security export control are based on "Regulations Pertaining to Security Export Control". Rules and Regulations – The University of Osaka
